## Developmental Milestones

Toddlers 12 - 14 Months

### Your Toddler May ...

- ◆ Pull to stand
- ◆ Stand alone for short periods
- ◆ Walk holding on to objects/may walk alone
- ◆ Imitate sounds, say "mama" and "dada"
- ◆ Show emotions, resistive behavior
- ◆ Clap to sounds
- ◆ Want parent approval
- ◆ Name objects/parts of body
- ◆ Use thumb/forefinger together

**Please remember:** All children grow and develop differently. Contact our nurse advice line if you have concerns about your toddler's development.
